

About FamilyWize

Since 2005, FamilyWize has helped over 11 million Americans live healthier lives by saving them more than \$1 billion on prescription medications. By aggregating large groups of patients, FamilyWize advocates and negotiates for deep discounts on prescription medications which it then passes on in full to patients. FamilyWize partners with some of the most respected community groups and health care providers in the country, including United Way Worldwide, National Council for Behavioral Health, Mental Health America, and American Heart Association, among thousands of other community organizations. To use FamilyWize, download our app at <https://familywize.org/free-prescription-discount-card>.

About the FamilyWize Prescription Savings Card

The FamilyWize Prescription Savings Card enables everyone, both insured and uninsured, to have access to more affordable medications. By showing the FamilyWize card to a pharmacist when picking up a prescription, consumers can save on their prescription medications. The average savings for consumers is 45 percent. The card is free for all, has no eligibility requirements and is accepted at pharmacies nationwide, including chains and independents. FamilyWize Prescription Savings Cards are available to print from the familywize.org website, as a free downloadable app, or by mail or text.
